AMERICAN IDIOM OF THE MONTH

"Drop the ball"

Meaning:

To make an error that results in a missed opportunity

Origin:

"Drop the ball" started as a sports analogy. In most games, if a player drops a ball (e.g. basketball or football), they end the play and risk the other team taking possession. In doing so, they cost their team the opportunity to score. Today, the expression is widely used to represent a situation where someone's mistake costs them a greater opportunity.

Example:

Cary really dropped the ball by showing up late to his interview in jeans and a t-shirt; it was unlikely he would be called back for another interview.

Bonus Example: We hope the Carolina Panthers drop the ball this weekend (literally). GO BRONCOS!
